

## GNI Doctoral Research Symposium 2017 (GNI-DRS - 2017)

21<sup>st</sup> July, 2017

Venue:

Conference Hall, Department of ECE

Organized by

Department of ECE, GNITC

### PATRONS

**Sardar Tavinder Singh Kohli,**  
Chairman, GNI

**Sardar Gagandeep Singh Kohli,**  
Vice-Chairman, GNI

### CO-PATRON

**Dr. H. S. Saini,**  
Managing Director, GNI

### SYMPOSIUM CHAIR

**Dr. M. Ramalinga Reddy**  
Director, GNITC

### SYMPOSIUM CO-CHAIR

**Prof. R. K. Singh,**  
Associate Director, GNITC

### CONVENERS

**Dr. K. Chanthirasekaran,**  
Dean, GNITC

**Md. Shoukath Ali,**  
Associate Professor, ECE

### COMMITTEE MEMBERS

S.Maheswara Reddy, Professor, ECE

Dr. K. Santhi, Professor, ECE

Dr. S.J. Sugumar, Professor, ECE

Dr. Syed Jalal Ahmed, Professor, ECE

Mr. Sandeep Patil, Assoc. Prof., ECE

**Registration Fee: Rs. 2000/-**

(Rs.1000 for ICIECE-2017 registered candidates)

\*Discount for group registrations.

\*Registration includes symposium kit & lunch

**Last date for Registration:**

**10<sup>th</sup> July, 2017**

**Note:** Registrations are limited to 50 only.

**Send your registrations to:**

### ABOUT THE SYMPOSIUM

The nature of doctoral research has changed in India since 2009. The numbers of professional doctorate programmes available have increased dramatically in the country. These increases have helped to raise the profile of academicians & technocrats doctorates across the country. The Universities are constantly revising the norms to upgrade the quality of doctorates in terms of research papers of late. The symposium will give the space to discuss and consider the place of such programmes in the context of further development of doctoral research.

### EMPHASIZING PROFESSIONAL CONTEXT

The professional doctorate now stands firmly as an appropriate and relevant qualification for enabling individuals to develop their research skills and particularly for advancing their profession and their professional practice. As a consequence of these developments, GNI-DRC 2017 will attempt to emphasize the different ways in which professional doctorates can impact on those who complete them and on their professional context.

This event, which is for both doctoral researchers and their supervisors, is to showcase and celebrate excellence in doctoral research from across the University. As the symposium is a professional development opportunity, this meeting will also be a chance to network and interact with colleagues from across the University.

### WHO SHOULD ATTEND?

- Those undertaking doctoral research (PhD or Professional Doctorate) at any University, regardless of year of study or discipline
- Supervisors of doctoral researchers
- Doctoral academicians and technocrats who want to further their ambition in the wide area of research with purpose.

### TOPICS

- **Research Funding / Grants by Dr. S. V. Ranganayakulu**
- **Quality Research Papers (IEEE, SCI, SCOPUS) by Dr. P. Radha Krishna**
- **Post Doctoral Research by Dr. Girish Kumar**

### ABOUT THE SPEAKERS:

**Dr. GIRISH KUMAR**

**Dr. P. RADHA KRISHNA**

**Dr. S.V. RANGANAYAKULU**

**Prof. Dr. Girish Kumar, IIT Mumbai,** received the Ph.D. degree in electrical engineering from Indian Institute of Technology Kanpur, India, in 1983. He is with Indian Institute of Technology Bombay (IIT-Bombay), Mumbai, India, where he is currently a Professor in the Electrical Engineering Department. He has authored more than 290 papers in the international and national journals and conference proceedings. He is an author of two books and filed for five patents. His research interests include microstrip antennas and arrays, broadband antennas, microwave integrated circuits and systems

**Dr. P. Radha Krishna** is a Principal Research Scientist at Software Engineering and Technology Labs, Infosys Technologies Limited, Hyderabad, India. Prior to joining Infosys, Dr. Krishna was a Faculty Member at the Institute for Development and Research in Banking Technology (IDRBT) and a scientist at National Informatics Centre, India. His research interests include data warehousing, data mining, and electronic contracts and services. He authored five books and has more than eighty publications.

**Dr. S. V. Ranganayakulu** is currently working as Dean (R&D), received the Ph. D. in the area of Ultrasonic Engineering from Osmania University, Hyderabad. He has to his credit 42 papers in international and national journals. He presented 46 research papers in National and International conferences. He is editorial board member of International Journal of Materials Science and Applications – Science Publishing Group, USA, Universal Journal of Materials Science, Horizon Research Publishing Corporation, USA, Open Journal of Acoustics- SCRIP, USA Journal of Acoustical Society of India and American Journal of Engineering Technology, USA respectively. As Dean (R&D), he has been able to motivate faculty members to apply for various grants and helped them to complete their research with funding.
