

External Funded Project Cell

(Academic Year 2022-23)

In order to encourage and motivate the faculty and students towards the research and development the institute has established a separate External Funded Project Cell. This is an evolving list of selected, externally-funded research projects led by faculty in the Human-Centered Department. Potential collaborators, faculty, and students at all levels are encouraged to contact the investigators to know more about the projects and explore research collaboration opportunities to get involved.

Table : Composition of External Funded Project Cell

S.No	External Funded Project Cell		
	Name	Programme	Designation
1.	Dr. S V Ranganayakulu	Engineering	Chairman
2.	Dr. P. Parthasardhy	Engineering	Member
3.	Dr. Rishi Sayal	Engineering	Member
4.	Dr. Md . Rashid Mahmood	Engineering	Member
5.	Dr Pamela Chawla	Engineering	Member
6.	Dr. M.I. Thariq Hussan	Engineering	Member
7.	Dr. K.Santhi	Engineering	Member
8.	Dr.Shaik Harun Rasheed	Pharmacy	Member
9.	Dr Kaustav Mukherjee,	MBA	Member
10	Dr. S. Nagakalyan,	Engineering	Member

Functions & Responsibilities:

- Identify the new and emerging areas in engineering research and motivate faculty and students carry out research in those areas and help them to identify the funding agencies that support their research/projects.
- Interact with national prominent research institutes and industry for collaborative research projects.
- The research involves the participation of graduate students in an emerging and promising new area of research, and will support interdisciplinary collaboration between the medical and computing communities.
