

# Professional Societies Activities Committee

## (Academic Year 2022-23)

The mission of the professional societies is primarily educational and informational. Their influence flows from their continuing and highly visible functions: to publish professional journals, to develop professional excellence, to raise public awareness, and to make awards. Through their work, they help to define and set standards for their professional fields and to promote high standards of quality through awards and other forms of recognition. Membership in professional organizations is important and necessary as we strive to stay informed of current developments in our fields of expertise. It's also important as we establish and maintain contacts with those who share similar interests and goals, and to keep the impact and importance of our work in the public eye. Students, faculty, and working professionals are encouraged to join the organizations that fit their interests. The vision of Professional Society is to develop student's academic, professional and personality development skills through various programs, activities arranged by the association. To monitor and control effective conduct of such program ensuring regular attendance, active participation and involvement of students.
