COVID Vaccination - Report

NSS team of the **Guru Nanak Institutions** organized a COVID Vaccination drive once again after a period of two months due to the overwhelming response during the first vaccination drive. The core reason behind the event was to administer the second doses to the people who got the first dose during the first Vaccination drive. Beyond those people, several others were also administered with booster doses especially the old age group aged beyond 60 years. The management as well as the people around appreciated the event. Total of 966 members got vaccinated.

BRUMOUS FIESTA - The Burgeoning - Report

The most awaited winter fest, BRUMOUS FIESTA, was successfully organized at Guru Nanak Institutions on 31st December. The event was inaugurated by Managing Director, Dr. H.S. Saini, presided over by Dr. M. Ramalinga Reddy, Director- GNITC and Dr. S. Sreenatha Reddy, Principal-GNIT. The students were enlightened by the speeches of the dignitaries. The event was conducted to showcase the young talents of the students of Guru Nanak Institutions. It was a delight watching such enthusiasm among both participants and audience. The participants were not only students but the faculty too! The event appeared to be the best opportunity to the students and faculty to unmask their hidden talents and 456 participants were part of the celebrations. The complete event was covered live for 2 days and bagged huge response online.

NSS ACTIVITY - "ADOPTION OF VILLAGE"

The aim of adoption of village or area is to give new ideas of development to the villagers which would improve their living conditions. To achieve the same Guru Nanak Institutions decided to adopt the Agapally Village which is situated at a distance of 5 kms. 378 villagers were informed about child education, and sanitation importance.

MEDICAL CAMP - Report

In view of positive support received during the previous medical camp, the NSS wing of Guru Nanak Institutions planned for another Medical Camp at Ibrahimpatnam. The event was organized for the old age group as well as anyone suffering from some ailments. The event was coordinated by the fifth year Pharma D Students from School of Pharmacy or Guru Nanak Institutions Technical Campus. A total of 176 patients got benefited from the camp. The camp was towards the screening of patients for Blood sugar, Diabetes, any heart disorders or any other abnormal conditions. The event was appreciated by the local administration and authorities and expected few more such events if possible in coordination with any reputed hospital in future.

Tree Plantation (swachh bharat) - Report

GNI NSS TEAM organized tree plantation program in campus. Understand the importance of nature for our existence and conserve the nature in all manner, is our moral responsibility. It's not too hard to believe that without trees we, humans would not exist on this beautiful planet. Also, we have felt the change of purity in nature and reduction in pollution effect during this pandemic situation. While the latest technology has provided us with many comforts, the consequent urbanization and industrialization also have some undesirable side effects; Global Warming is one of those. This event is a positive step towards achieving a healthy environment and to reconnect humans to nature and foster environmental stewardship. Total of 478 members including students and faculties were participated in the program.

Tobacco Free Campaign - Report

The NSS Unit of Gurunanak Institution Technical Campus organized tobacco free campaign. The vital subject of the event was to focus on "SAY NO TO TOBACCO" which witnessed participation of around 225 student NSS volunteers. The event began with volunteers absorbing all the facts of consuming tobacco and how it slowly drags the smoker onto the tracks of death. The statistics shown to everybody regarding death figures caused due to tobacco consumption left everyone awestruck. This was followed by a video screening that made everyone a ware about the after effects of having tobacco in any form. Students became well aware about the tobacco monster and made up their mind to stay miles away from it. The event concluded with students taking pledge with their fists raised up. The pledge pointed out assurance from students that they won't consume tobacco in any form such as cigarettes, bidis or gutkas, etc and would also encourage others not to do so. The event was a smash hit and truly made students to take "PLEDGE FOR LIFE".

Cleanliness Drive (Swachha Bharat) – Report

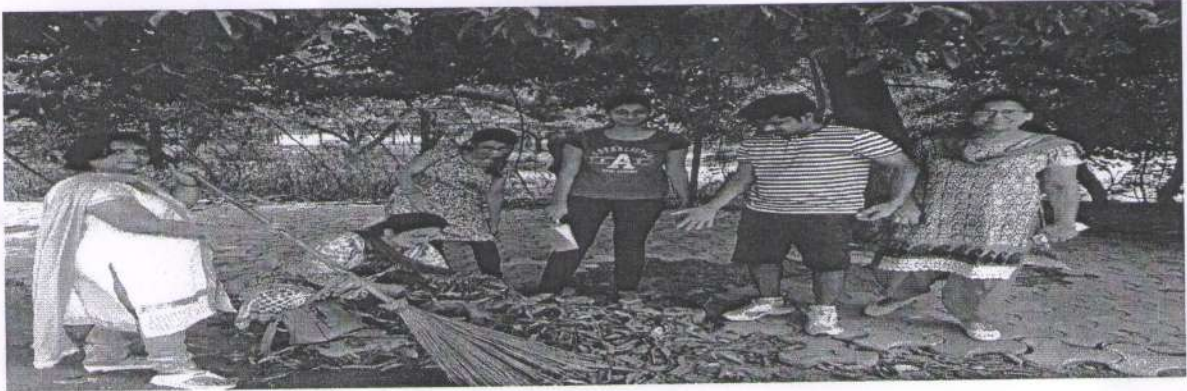

GURUNANAK INSTITUTION TECHNICAL CAMPUS NSS TEAM organized Cleanliness Drive under Swachh Bharat Swasth Bharat Abhiyaan Programme. The main purpose of this programme was to create awareness among the students regarding Cleanliness and its benefits.

Our Director sir started the programme by cleaning the corners of the play ground. Then the faculty and students followed suit. Some of us picked brooms and started our job. Some of the students did the dusting of the rooms.

And others went to the play ground and started picking wrappers lying scattered there. After collecting them they threw them in to the dustbins. After doing this job for two to three hours, we all assembled in the open auditorium hall. There we were given refreshment in the form of bananas and apples.

Thereafter our Joint Director delivered the speech telling us the importance of sanitation. He also honored the sweepers of the college for their noble job. In the end we all took oath of keeping our home, locality and city clean. It was a unique experience for all of us. We were curious to be the part of this great drive that could have transformed the face of our country for ever. Total of 369 students were participated and made event successfully.

Voters Awareness Drive - Report

GNI NSS team organized voter awareness program. It provides information about voting and how to be a responsible voter. A lot of people want to vote, but many are not aware of its need and how to cast it. This is where voting awareness comes into play. The idea of voting awareness is to help people understand the importance of voting. Voting is an important way for voters to control their government. It is a method for citizens to express what they want from their leaders by raising awareness about voting. This will lead to better governance and what everyone wants – a democracy that is free, fair and representative. Voting helps citizens become more involved in their government and keep it accountable. To vote, you must meet specific requirements. In addition to voting, there are a few laws that ensure fair elections around the world. 456 students participated in the event.
